PROJECTS

ShareME

- ShareME is a photo-sharing app where users can authenticate themselves and upload photos and can specify the access policies of their photos.
- Implemented search functionality, and category-wise filtering.
- Used Google OAuth for authenticating users.
- Built with MERN stack. I was responsible for front-end development using ReactJS and Tailwind CSS and UI/UX design.

EveryDay Market:An E-commerce Website.

- Proficient in responsive web design, HTML/CSS, JavaScript (React), API integration, and optimizing performance for a seamless user experience.
- Integrated Paytm portal using Paytm API.

Streamify -A Streaming web application

- React is used to build the user interface of Streamify, features include seamless video playback, interactive video thumbnails and titles etc.

EXTRA-CURRICULAR ACTIVITIES AND

ACHIEVEMENTS

- Qualified for the Level 2 in Flipkart Grid 5.0
- I was a member of a Prayatn and participated in the plantation drive and cleanliness drive with the collaboration of Aranyak(NGO).
- I have scored 1st position in CodeRush organized by IIIT Guwahati Programming Club.
